Fees 2007

Pricing (valid as of 1 July 2007)

The following document explains how SIS x-clear's prices are calculated.

Basic services

Clearing

Clearing of exchange transactions is a core competency of SIS x-clear. Only members of SIS x-clear AG can avail of these services. To ensure system security and minimise risk, members pay a risk premium, whose amount depends on their creditworthiness and exposure.

Annual membership contributions:

Code	Designation	Type	Rates in CHF	VAT
10'000	x-clear Membership	ICM	10,000.00	0.00%
		GCM	10,000.00	0.00%
		NCM	2,400.00	0.00%

The membership contributions are charged monthly (on a pro rata basis). The contributions for Non-Clearing Members (NCMs) are charged to the respective General Clearing Member (GCM).

The number of ISIN to be cleared (per day) are stated under clearing line.

Code	Designation	Rate in CHF	VAT
10'100	Clearing Lines	0.50	0.00%
10'101	Clearing Lines (Clearing only)	0.50	0.00%

The number of the underlying original trades is stated under clearing transaction.

Code	Designation	Rate in CHF	VAT
10'110	Clearing Transaction	0.10	0.00%
10'111	Clearing Transaction (Clearing only)	0.10	0.00%

SIS x-clear risk premium

The risk premium is dependent on both exposure and creditworthiness and based on real time evaluation. Systemic risks are thus continually taken into account.

Code	Designation	Rating	Rate in %	VAT
10'500	x-clear Risk Mgmt Fee	AAA	0.00055	0.00%
		AA+	0.00055	0.00%
		AA	0.0006	0.00%

	AA-	0.00065	0.00%
	A+	0.00065	0.00%
	A	0.0007	0.00%
	A-	0.0007	0.00%
	BBB+	0.0011	0.00%
	BBB	0.0011	0.00%
	BBB-	0.0015	0.00%
	BB+	0.0025	0.00%
	BB	0.0025	0.00%
	BB-	0.00375	0.00%
	B+	0.00375	0.00%
	B	0.00375	0.00%
	B-	0.00375	0.00%
	CCC+	determined case by case	0.00%
	CCC	determined case by case	0.00%
	CCC-	determined case by case	0.00%
	D	determined case by case	0.00%

Calculation of the risk premium is based on the average weighted gross open amount and is determined taking into account the gross open amount per ISIN at beginning of day processing (BOD), at intraday processing (at noon) and at end of day processing (EOD). These gross open amounts are equally weighted. The rating applicable at the end of the month serves as the basis for calculation.

Loyalty rebate

For participants using SIS x-clear in more than one market, SIS x-clear will grant a "loyalty rebate" of 10% on clearing and risk management fees. virt-x and SWX are regarded as one exchange.

Third-party costs (clearing third-party fees)

Third-party costs are passed on to clients. They are notified accordingly.

Code	Designation	CSD	Rate in CHF VAT	
10'810	Clearing Third-Party Fees	BE.100'519	4.85	0.00%

Further clearing services

Code	Designation	VAT
10'910	Clearing - Miscellaneous	0.00%

Products

Risk management

Late/Failed settlements

Timely settlements increase the settlement rate and enhance system security considerably. For transactions that are not settled on the value date (late/failed settlements), two different rates are applied. Whether the standard or the reduced rates is applied is dependent on whether the automatic securities lending and borrowing facility (SLB) is used.

Both rates apply for each settlement and each day, and a minimum amount is charged per day and per settlement. For amounts higher than CHF 50 m, each level must be passed through.

Code	Designation	VAT
20'100	Late/Failed Settlement (x-clear)	0.00%

Standard rate (without automatic SLB):

Level	Percentage	Vu in m CHF	Vo in m CHF
1.	0.10%		< 50
2.	0.05%	50	< 100
3.	0.03%	above 100	
A minimum price of CHF 150.00 is debited.			

Vu: Minimum volume

Vo: Maximum volume

Reduced rate (with automatic SLB):

Level	Percentage	Vu in m CHF	Vo in m CHF
1.	0.05%		< 50
2.	0.025%	50	< 100
3.	0.015%	above 100	
A minimum price of CHF 75.00 is debited.			

Vu: Minimum volume

Vo: Maximum volume

If the standard rate is applied (without automatic SLB), SIS x-clear AG passes on any additional costs arising for SLB.

Code	Designation	Rate	VAT
20'110	Borrowing to Cover Failed Settlement	SLB prices	0.00%

In the event of a so-called "gridlock situation", only the party actually (initially) responsible is debited. No further discounts are possible.

Note regarding shaped orders:

SIC guidelines discourage participants from having settlements of over CHF 100 million. Accordingly, orders for settlement amounts of over CHF 100 million could be shaped into smaller orders in multiples of approximately CHF 100 million each. If several of these shaped orders do not settle on their intended settlement date, the late settlement fee is computed by considering the combined settlement amount of all failed shaped orders. This rule is applicable only if the sum of the settlement amounts of all the failed shaped orders is over CHF 50 million. This is also valid in case of computation of compensation for late settlements.

Compensations for late/failed settlements

Half of the amount (as per standard rate) will automatically be credited as compensation to the respective counterparty if timely delivery is not possible.

Code	Designation	VAT
20'150	Compensation Failed Settl (x-clear)	0.00%

Level	Percentage	Vu in m CHF	Vo in m CHF
1.	0.05%		< 50
2.	0.025%	50	< 100
3.	0.015%	above 100	
A minimum amount of CHF 75.00 is credited.			

Vu: Minimum volume
Vo: Maximum volume

Collateral management is free of charge.

Margin calls

Code	Designation	Rate in CHF	VAT
20'250	Margin Call	25.00	0.00%

Further risk management services:

Code	Designation	VAT
20'495	Risk Management - Miscellaneous	0.00%

Facility services

Report management

SIS x-clear participants clients with reports in data format (report name starting with letters RD) as well as in print format (report name starting with letters RP). Detailed information on SIS' reports is available from the MarketGuide Operational Information, chapter 6.0 Reporting under www.sec.sisclear.com > Private > MarketGuide > Operational Information.

Code	Designation	VAT
64'050	x-clear Report Processing	0.00%

Report ID	Report name	Rate in CHF
RD	Reports in data format	0.00
RPFE030	Report on Risk Prime Fee	0.00
RPFE110	NCM-Wise x-clear Fees	0.00
RPXL020	Report on Collateral Details of x-clear Members	0.00
RPXL200	Report on Default Fund Requirement	0.00
RP	Other reports in print format	1.00

The production of x-clear reports is exempt from VAT. The download of reports is, however, subject to VAT. The reports provided by SIS are available for downloading during 3 days. Reports that have not been downloaded during this period and will therefore have to be reproduced will be additionally charged under [74'006](#).

Code	Designation	VAT
64'150	x-clear Report Output	7.60%

Media code	Media name	Definition	Rate in CHF
10	Paper	per page	0.20
41	Cartridge, 18 tracks	per 1,024 bytes	0.20
51	DOS disk, 3.5 inches	per 1,024 bytes	0.20
Rest	Other data carriers	per 1,024 bytes	0.02

Miscellaneous

Further services that cannot be allocated to any other code:

Code	Designation	VAT
69'005	Miscellaneous (without VAT)	0.00%
69'006	Miscellaneous (with VAT)	7.60%

Dedicated services

Special efforts – miscellaneous

Special efforts, which are not included in the tariff (i.e. in the published prices), are charged on a time-spent basis. Generally, these services are subject to VAT. A non-exhaustive list of special efforts is given below.

Code	Designation	VAT
74'005	Special Efforts - Misc (without VAT)	0.00%

Code	Designation	VAT
74'006	Special Efforts - Misc (with VAT)	7.60%

Description	Definition	Rate in CHF
	administrative personnel, per hour	180.00
	technical personnel, per hour	230.00
Archive retrieval	for data older than one year	500.00
	for each further year in the past	100.00
Standardised special reports	standardised special reports on/up to last three calendar months	250.00
	regeneration of a SECOM report within one year	250.00
Special data evaluations	Initial efforts for generation/programming of evaluation	800.00
	Additionally, per number of calendar months passed for data generation (start of report period)	200.00
Confirmation of business relation		250.00

Special data evaluations are not generated in SECOM, but individually issued upon special request by the participant.
