1 CCP Clearing Services

SIX SIS is in charge of collecting SIX x-clear's fees.

1.1 Clearing

Annual membership contributions:

Designation	Type	Rate in CHF	VAT	Code
SIX x-clear membership	ICM	10,000.00	0.00%	10'000
	GCM	10,000.00

The applicable price for the entire volume across all business activities with SIX x-clear can be found in the cell defined by the row of the rating and the column with the transaction volume. Please note that the actual monthly transaction volume must exceed the applicable level.

1.2 Third-party costs (clearing third-party fees)

Basic costs which are charged to SIX x-clear for settlement are passed on (actual costs). Any third-party costs are passed on to the members, who are notified accordingly. This rule applies to all settlements outside Euroclear Bank and Euroclear UK & Ireland.

2 Settlement Services

2.1 Late/failed settlements for SIX Swiss Exchange

Timely settlements increase the settlement rate and enhance system security considerably. For stock-exchange trades involving a CCP (currently [SIX Swiss Exchange](#) or [SWX Europe](#)) that are not settled on the value date (late/failed settlements), a simple, two-staged approach applies.

The following approach is valid for each settlement and each day, whereas the approach with the settlement amount must be multiplied. A minimum amount is charged per settlement and per day. For settlement amounts exceeding CHF 50 m, both levels outlined below must be passed through, i.e. the part up to CHF 50 m is charged using the higher and the rest with the lower approach.

Designation	VAT	Code
Late/Failed Settlement (xcl)	0.00%	11'800

Level	Percentage	Minimum volume in CHF	Maximum volume in CHF
1.	0.070%	0	50,000,000
2.	0.040%	> 50,000,000	

A minimum fee of CHF 100.00 is levied.

Note: An additional CHF 0.01 (SIX SIS: Code [62'000](#)) is charged per [status intimation](#).

Please note that SIX x-clear will additionally pass on any costs incurred for securities lending and borrowing ([SLB](#)).

Designation	Rate in CHF	VAT	Code
Borrowing to Cover Failed Settlement	SLB rates	0.00%	11'815

In the event of a so-called "gridlock situation", only the party actually (initially) responsible is debited. No further discounts are possible.

Note with regard to [shaped orders](#):

SIC guidelines discourage participants from having settlements of over CHF 100 million. Accordingly, orders for settlement amounts of over CHF 100 million could be shaped into smaller orders in multiples of a maximum of CHF 100 million each.

Compensations for late settlements

Half of the amount charged (as per standard rate) will automatically be credited as compensation to the respective counterparty if timely delivery is not possible.

Designation		VAT	Code
Compensation Late Failed Settlement (x-clear)		0.00%	11'820

Level	Percentage	Minimum volume in CHF	Maximum volume in CHF
1.	0.035%	0	50,000,000
2.	0.020%	> 50,000,000	

A minimum amount of CHF 50.00 is credited.
